

SI NO	Product Description	Specifications	Remarks
1	Anti-C	Monoclonal IgM antibody, liquid, ready-to-use, for Slide & Tube test The Cell line must be MS-24 The company should provide the below pack sizes: 1x5ml, 100x5ml, 1x10ml,10x10ml, 100X10ml	
2	Anti-c	Monoclonal IgM antibody, liquid, ready-to-use, for Slide & Tube test The Cell line must be MS-33 The company should provide the below pack sizes: 1x5ml, 100x5ml, 1x10ml,10x10ml, 100X10ml	
3	Anti-E	Monoclonal IgM antibody, liquid, ready-to-use, for Slide & Tube test The Cell line must be MS-260 The company should provide the below pack sizes: 1x5ml, 100x5ml, 1x10ml,10x10ml, 100X10ml	
4	Anti-e	Monoclonal IgM antibody, liquid, ready-to-use, for Slide & Tube test The Cell lines must be MS-16, MS-21, MS63 The company should provide the below pack sizes: 1x5ml, 100x5ml, 1x10ml,10x10ml, 100X10ml	
5	Anti-CDE	Monoclonal IgM antibody, liquid, ready-to-use, for Slide & Tube test The Cell lines must be MS-24, MS-26, MS-201, MS-80 The company should provide the below pack sizes: 1x5ml, 100x5ml, 1x10ml,10x10ml, 100X10ml	
6	Anti-K	Monoclonal IgM antibody, liquid, ready-to-use, for Tube test The Cell lines must be MS-56 The company should provide the below pack sizes: 1x5ml, 100x5ml, 1x10ml,10x10ml, 100X10ml	
7	Anti-M	Monoclonal IgM antibody (mouse hybridoma), liquid, ready-to-use, for Tube test The Cell lines must be LM110/140 (LM-1) The company should provide the below pack sizes: 1x2ml	
8	Anti-N	Monoclonal IgM antibody (mouse hybridoma), liquid, ready-to-use, for Tube test The Cell lines must be LN3 The company should provide the below pack sizes: 1x2ml	
9	Anti-P1	Monoclonal IgM antibody, liquid, ready-to-use, for Tube test The Cell lines must be 650 The company should provide the below pack sizes: 1x1ml	
10	Anti-Jka	Monoclonal IgM antibody, liquid, ready-to-use, for Tube test The Cell lines must be MS-15 The company should provide the below pack sizes: 1x2ml	

11	Anti-Jkb	Monoclonal IgM antibody, liquid, ready-to-use, for Tube test	
		The Cell lines must be MS-8	
		The company should provide the below pack sizes: 1x2ml	
12	Anti-Lea	Monoclonal IgM antibody (mouse hybridomas), liquid, ready-to-use, for Tube test	
		The Cell lines must be GA2	
		The company should provide the below pack sizes: 1x2ml	
13	Anti Leb	Monoclonal IgM antibody (mouse hybridomas), liquid, ready-to-use, for Tube test	
		The Cell lines must be LM129/181	
		The company should provide the below pack sizes: 1x2ml	
14	Anti-k (cellano)	Human Anti sera for antihuman globulin test	
		The company should provide the below pack sizes: 1x2ml	
15	Anti-S	Human Anti sera for antihuman globulin test	
		The company should provide the below pack sizes: 1x1ml	
16	Anti-s	Human Anti sera for antihuman globulin test	
		The company should provide the below pack sizes: 1x1ml	
17	Anti-Fya	Human Anti sera for antihuman globulin test	
		The company should provide the below pack sizes: 1x1ml	
18	Anti-Fyb	Human Anti sera for antihuman globulin test	
		The company should provide the below pack sizes: 1x1ml	
19	Anti-Lua	Human Anti sera for antihuman globulin test	
		The company should provide the below pack sizes: 1x1ml	
20	Anti-Lub	Human Anti sera for antihuman globulin test	
		The company should provide the below pack sizes: 1x1ml	
21	Coombs Green	Polyclonal Anti-IgG (rabbit) and Anti-C3d(Monoclonal)	
		The cell line must be C139-9	
		The company should provide the below pack sizes: 1x10ml, 10x10ml, 100x10ml, 1x50ml.
